ZOOM!

Teeth Whitening - Faster. Enhanced patient comfort. Outstanding performance. The completely re-designed and re-energized Zoom2 System is Wayzata Dental's latest breakthrough in chair side whitening. The all-new lamp is built for speed and completes treatment in just three 15-minute sessions. Zoom2 raises the bar to a new level of performance while delivering an average of eight shades, and sometimes as many as twelve, in less than an hour. Take the first step to feeling good and looking great this summer. Instant gratification just got a lot more gratifying. Please call to schedule an appointment.

"Wayzata Dental always provides excellent dental care and we look forward to continuing with you well into the future!"

IPOD VIDEO GOGGLES

We've got just the thing - video goggles that plug directly into your video iPod and project a virtual 24 inch TV directly in front of you! That's right - plugged directly into your iPod. Watch your favorite episode of The Office, catch up on Lost, whatever you want all while having your teeth cleaned.

New Sonicare FlexCare

The new Sonicare Flexcare is clinically proven to remove significantly more plaque than the Sonicare Elite, reduce gingivitis, and help prevent gingival bleeding. This advanced design helps keep your teeth naturally whiter by removing coffee, tea and tobacco stains. It's proven to be gentle on orthodontics, dental work, veneers, implant material and sensitive teeth.

At your next dental visit, purchase your new Sonicare for only \$129.99 right in our office.
